* For weekend sat omnia, class will not be held on official SAT test dates.

Modified on April 06, 2011 4:05 PM

sat omnia

Our SAT Omnia class is designed to strengthen high school students' verbal and math reasoning skills, and, of course, raise their test scores. It is a comprehensive overview of the SAT Reasoning and focuses on all three sections equally. This class is best suited for students who have never studied with us before.

sat accel

Our SAT Accel class is designed to strengthen high school students' verbal and math reasoning skills, and, of course, raise their test scores. It is a comprehensive overview of the SAT Reasoning and focuses on all three sections equally. This class is best suited for students who demonstrate strong critical thinking skills, with high GPAs (3.5 or better) and who expect to score higher than 1800 on the SAT.

sat core

If you're new or relatively new to the SAT, this class will prepare you for the verbal and math sections. You will learn the basics of test-taking and what the SAT expects from you. This is our most popular course. Students take a full-length SAT test every other Monday.

essencia

Essencia is designed for students whose goals are both to improve their critical thinking and math skills and to get ahead in their SAT prep. Essencia focuses more on the deeper ideas of great literature and prepares students for the tricky math that lies ahead on the SAT. How do we do this? By using works of literature from such authors as Mark Twain and Herman Melville and adapting them to SAT exercises. Essencia is a perfect blend of TestMagic Ascend classes and SAT-prep classes. Curriculum is adjusted according to grade level.

THE PROMOTION

All siblings who sign up together will receive a 5% discount!

THE FINE PRINT

All information subject to correction. Some conditions and restrictions may apply. All new students need to pay a one-time registration fee of \$50. *Please note that the number of class hours listed is an approximation.
